

R

31 March 1948

Thank you for your letter of 26 March proposing a plan to utilize organized baseball in connection with an anti-Communist campaign, which I have read with interest.

I regret to inform you that for various reasons it would not be practicable for this Agency to sponsor such a plan as you have presented at this time.

Your evident interest in this Agency and the national security is very much appreciated.

Sincerely,

A -

R. M. HILL/WHOMETER  
Rear Admiral, USN  
Director of Central Intelligence
